

Assignment: You will construct your own Chapter 23 Test and Scantron Answer Key

Grading: Based on:

- Asking the types of questions in the quantity and format described below
- The quality of the questions that are on your test
- The accuracy of your answer key (on a scantron) and written portion of the test
- The neatness and overall organization your test (must be typed)

Instructions: In constructing / formatting your Chapter 23 Test, these conditions must be met:

- The test must have a proper heading which identifies the name of the course (American History 8), teacher name (Mr. Ruppert), chapter #, chapter name, the fact that it is a test, and the total point value of the test. (100 points)
- Individually identify each section of the test (ex. Section A: Chronology) throughout the test. Clear directions for that section of the test, the point value of each question in that section of the test, and the total point value of that section of the test must be identified at the start of each section.
- Follow this model: Section A: Chronology / Section B: Identifications / Section C: Main Idea Multiple Choice / Section D: Written Response / Section E: Bonus Questions Section (worth 5 points)
 - For section A, include a minimum of 5 chronology questions (“choose the earliest of the two or three given events...”)
 - For section B, include a minimum of 10 identifications
 - Should be grouped into sets of 4 or 5 terms (A through D or A through E), with IDs of people in separate sets from IDs of terms, places, or events
 - For section C, include between 20 and 25 multiple-choice main idea questions, each with four (A, B, C, D) answer choices. Select from the following prompts at least 15 of your questions and come up with at least 5 questions entirely on your own
